This overbed table combines functionality with modern design, offering a range of features tailored to meet the diverse needs of patients and healthcare providers.

- **Pneumatic Height Adjustment:** Effortlessly adjust the table's height to achieve optimal positioning for various activities, ensuring patient comfort and ease of use.
- **Foldable HPL Tabletop:** Crafted from High-Pressure Laminate (HPL), the tabletop is antibacterial, scratch-resistant, non-yellowing, and fire-resistant. Its foldable design allows it to fit seamlessly into bedside cabinets, conserving space and enhancing room organization.
- **360-Degree Rotating and Tilting Tabletop:** The tabletop can rotate and tilt 360 degrees, providing versatility for activities such as dining, reading, or device usage, thereby enhancing patient engagement and comfort.
- **ABS Covered Base:** The base is encased in ABS material, known for its antibacterial properties and ease of cleaning, ensuring a hygienic environment.
- **Dual 360-Degree Swivel Castors:** Equipped with four lockable dual swivel castors, the table offers superior maneuverability and stability, allowing for easy movement and secure placement as needed.
- **Anodized Aluminum Frame:** The frame is constructed from anodized aluminum, providing a lightweight yet robust structure that is resistant to corrosion, ensuring durability and longevity.
