DD 3040

3 MOTORIZED DELIVERY BED

TRINODAL
PACESETTER FOR HEALTHCARE

PRODUCT CODE:
60005000019

CATEGORY:
Delivery &
Gynecology

PRODUCT DESCRIPTION

The DD 3040 3-Motor Delivery Bed is designed for comfortable and efficient gynecological examinations and childbirth procedures. Its three motorized functions allow smooth and precise positioning, while the easy-to-use hand control provides convenient adjustment of all bed positions.

The foot section is designed for easy detachment, providing greater flexibility during gynecological procedures and childbirth. Equipped with gynecological leg supports and stainless-steel accessories, the DD 3040 combines the functionality of both a gynecological examination table and a delivery bed.
